

giropay

With over 35 million users giropay is one of the most used alternative payment methods in Germany. Online purchases can be paid in real-time by entering the user's online banking credentials, without the need of a credit or debit card. giropay offers all the security of traditional online banking and is highly preferred by most online shoppers and websites in Europe where credit card penetration is still very low. Furthermore, Germany with its very well developed e-commerce market ranks 3rd in online cross-border sales worldwide.
